Sir,

S u b m i t t e d.

2. The credit taken for Rs.2200 in the Budg Estimate for 1924-25 under "Education tax" may be al to stand, subject to the sanction of Government beir obtained under section 34 of the Elementary Educatic Act of 1920 for the levy of the cess.

3. The credit taken for Rs.2200 in the Budg Estimate for 1924-25 for Government contribution unc section 37 should be deleted, since the contributior will be payable only in the year after that in which the tax is levied (G.O.No.1024 Law (Education) dated 2-9-22)

4. The sum of Rs.15589 shown as Provincial contribu in the actuals of 1922-23 under the proviso to section 37 sh be raised to Rs.15825 with reference to the budget approved G.O.No.1281 Law (Education) dated 12-9-23. Credits taken un the same item in the Revised Estimate for 1923-24 and the Bu Estimate for 1924-25 may be revised as shown below the amoun the latter case being liable to subsequent adjustment, with reference to the savings if any, out of the recurring subsid paid in 1923-24.

	Revised Estimate 1923-24	Budget Estimate 1924-25
.No.1421 Law (Education) 8-10-23	2032	2032
, 25 ,, dated 8-1-24	9973	10205
owance of Rs.4	2578	2616
	14583	14853

In the Revised Estimate for 1923-24 the credit may be taken Rs.270 as "appropriation from Government grant unspent balan

4. The Board's contribution out of general revenue 1924-25 is shown as Rs.9315 which is less than the contribut 1922-23 and in the Revised Estimate for 1923-24. It may be with reference to the Board's general financial position.

5. The District Finance Committee has recommended t increase of school fees by Rs.2000 and the Taluk Board in it resolution No.137 dated 30-11-23 takes objection to this pro sal on the ground that it is levying the fees at the maximum rates under rule 84 of the Madras Educational Rules. This q is one to be decided by the Board itself, but the enhancemen the rate of fees is probably not desirable especially in a b area. Further the policy is to encourage free elementary edu as far as possible.

6. It is observed that the sum of Rs.300 in the Budg Estimate for 1924-25 under 'Prizes and Scholarships' is inte for the award of scholarships to the students in the local high school. As the expenditure relates to secondary education it should be expunged from the Elementary Education Fund Account

7. In the Revised Estimate for 1923-24 a sum of Rs.179 is shown against the

capital".But the Board has not separately shown this amount on th credit and debit sides of the budget under 'capital.' This omission should be supplied.

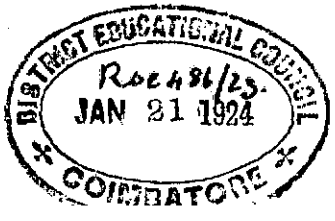
8. The Board has not furnished the summary prescribed in G.O.No.1201 Law (Education) dated 10/-10/22.

For Director of Public Instruction

N.). 296 C of 1923. Dated 18th January 1924.

Returned to the President, of the District Educational Council, Coimbatore.

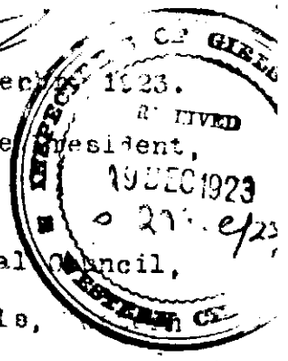
With regard to the increase of the rates of fees, I do not consider that it would be advisable to increase the rate of fees at present levied in girls' schools, in view of the very backward condition of girls' schools in the area.



Inspectress of Girls' Schools,
Western Circle.

'R.C.No. 1326 C of 1923. 7-15 Dated 19th Dec 1923.

Ref:- R.O.C.No. 486 of 23 dated 4-12-23 from the President, District Educational Council, Coimbatore.



Returned to the President, District Educational Council, Coimbatore through the Inspectress of girls' schools, Circle, Coimbatore.

2. Out of a total estimated expenditure of Rs. 30290 in 1924-25, Rs.13430, i.e. less than one half is proposed to be met from Taluk Board funds and other local receipts, the remainder being contributed by Government. Only Rs.9315 are proposed to be appropriated from the general revenues of the Taluk Board as against Rs.9953 in 1922-23, and Rs.15631 in the revised estimate for Rs.1923-24. These figures read with the note explaining the budget estimate, show that the first consideration of the Board has been retrenchment.

3. Educationally, Kollegal is the most backward taluk in the Coimbatore district. Moreover, the Deputy Inspector in his report on the inspection of Board schools is frequently bringing to notice that Board school buildings are falling into disrepair. And the Deputy Inspector in his budget proposals, estimates that Rs. 27085 will be required if the increments of salary due to teachers are to be made. It would therefore appear clear that, along with retrenchment, the Taluk Board should lose no opportunities to raise additional revenue. The Taluk Board have accepted the suggestion of the District Retrenchment Committee for the levy of an educational cess, but decline to increase the rates of fees, on the ground that the maximum rates prescribed in Rule 82 of the Madras Educational Rules are levied at present. It may be pointed out that the rates of fees prescribed in this rule do not represent the maximum, that the rates may be modified upwards, and I am of opinion that fees should be raised, and do not think that an increase in the rates of fees would meet with the opposition which at first sight may be anticipated.

4. The Taluk Board states in its resolution that it has no objection to levy an educational cess, but it makes no formal proposals for the introduction of this cess. If [illegible] levy of this cess be recommended to Government the Board should be called upon to submit formal proposals in connection therewith.

nderstood. This provision is explained in para 3 of the covering ote. If, as stated therein, part of this provision is met from he interest accruing from private funds, such interest should be howed on the credit side of the budget. As it is, the only receipt f this kind is Rs.15 under item 5 of the Service Account.

Resolution No. 137/K.T.B of 1923, dated 30-11-1923.

The Board has not objection for the proposals of the / retrenchment committee except the proposal to increase the school fees. This Board has already levied the maximum fees leviable under rule 84 of the Madras Educational rules. Any further increase will result an obstacle to the spread of education in this backward Taluk. Hence the Board requests the District Committee to reconsider the proposal and Rs 20000 may be recommended as annual grant as ~~the~~ Rs 15000 is barely sufficient to meet the ordinary demand. The Board cannot meet unexpected contingencies with that amount.

Kollegal, as already stated, works under peculiar circumstances and would be unable to run its administration without the help of the Dt Bd.

After taking credit for a contribution of Rs 20000 from the Dt Bd this year, the budget as revised by Govt closes with a deficit of Rs 1592. In order to provide a small working balance (Rs 243) it is proposed in the draft order on the budget to ask the Dt Bd to raise its contribution to Rs 21,835. The Dt Bd will naturally demur to paying the large sum. In these circumstances and also in view of the fact that the Bd's revenue in the last two years is in excess of what it should, Govt may see
